

CONSTRUCTION TOOLS

WOOD POLE SUPPORTS

Jenney Pattern

For wooden poles, made of select hard wood, heavily bolted and braced with pole rest of crucible steel, making a very strong and satisfactory support.

Trade No.	Mfrs. No.	Length Feet	Size of Support, In.	Wt. Lbs.	Price Each
84264	842	6	2 x3	39	\$7.50
84265	843	7	2½x3½	57	8.25
84266	844	8	2½x3½	62	9.00

Mule Pattern

Made of slightly tapered round Wash. fir with wrought steel fork and pike, light, very strong and durable.

Trade No.	Mfrs. No.	Length Feet	Diam. of Handle, In.	Wt. Lbs.	Price Each
84267	845	6	3½	23	\$5.00
84268	846	7	4½	26	5.75
84269	847	8	4½	29	7.00

Standard Deadman, Western Electric Pattern

Made of oak with heavy wrought steel fork and pike, for very heavy work.

Trade No.	Mfrs. No.	Length Feet	Size of Fork, In.	Wt. Lbs.	Price Each
84270	848	8	4x2	29	9.00

POST HOLE AUGERS

Trade No.	Mfrs. No.	Size of Auger, In.	Length of Stem, Ft.	Wt. Lbs.	Price Each
84271	885	6	3½	5	\$2.00
84272	886	8	3½	5	2.00
84273	887	10	3½	6	2.00
84274	888	12	5	13	7.20
84275	889	14	5	14	8.00

POST HOLE SPOONS—1⅞-INCH HANDLE

Steel scoops with long or short straps and A No. 1 maple handle.

Improved Pattern

Trade No.	Mfrs. No.	Length of Handle, Ft.	Size of Strap, In.	Wt., Lbs. per Doz.	Price per Doz.
84276	856	7	9	105	\$17.50
84277	857	8	9	115	19.25
84278	858	9	9	125	21.50
84279	859	7	22	115	20.00
84280	860	8	22	125	22.00
84281	861	9	22	135	24.50
84282	862	10	22	145	26.00

POST HOLE SHOVELS—1⅞-INCH HANDLE

Genuine crucible steel shovels with A No. 1 maple handle.

Straight Handle

Trade No.	Mfrs. No.	Length of Handle, Ft.	Size of Head, In.	Wt., Lbs.	Price Each
84283	863	6	9	85	21.60
84284	864	7	9	95	23.60
84285	865	8	9	105	25.60
84286	866	6	22	90	23.60
84287	867	7	22	100	25.60
84288	868	8	22	110	27.60
84289	869	9	22	115	29.60

Crooked Handle

Trade No.	Mfrs. No.	Length of Handle, Ft.	Size of Head, In.	Wt., Lbs.	Price Each
84290	870	6	9	85	21.60
84291	871	7	9	95	23.60
84292	872	8	9	105	25.60
84293	873	6	22	90	23.60
84294	874	7	22	100	25.60
84295	875	8	22	110	27.60

Shovels and spoons furnished with any length handles of either ash or hickory if desired.

CONSTRUCTION TOOLS

CROW AND DIGGING BARS

Bars are made of hammered crucible tool steel, very stiff and strong. Any special size or style of bars not listed can be had.

Trade No.	Mfrs. No.	Description	Weight Lbs.	Price Each
84833	1061	1-inch octagon, 7 feet long	20	\$3.00
84846	1064	1½-inch octagon, 7 feet long	26	3.90
84834	1065	1½-inch octagon, 8 feet long	30	4.25

TAMPING AND DIGGING BARS

84836	1071	1-inch octagon, 7 feet long	20	3.60
84837	1075	1½-inch octagon, 8 feet long	30	4.50
84847	1074	1½-inch octagon, 7 feet long	26	4.00

PLAIN DIGGING BARS

84844	850	1-inch round, 7 feet long	19	1.80
84845	851	1½-inch round, 8 feet long	28	2.80

DIGGING SPUDS WITH TAMPER

Handles are of crucible steel tubing-made especially for this purpose. The blade and tamper are not riveted, but are shrunk onto the handle, the blade and socket being made of one piece.				
84838	852	9 feet long, with steel tube handle	20	3.75

LOY OR SLICK

The most useful construction tool made for digging post holes. The blade is of crucible steel 4x½ inches. It is burned onto the handle and held by large rivets. The blade being off to one side gives great leverage when prying.

84839	853	With 8-foot wood handle	18	3.50
-------	-----	-----------------------------------	----	------

TAMPING BARS

With Heavy Iron Shoe

84840	854	With 7-foot wood handle	13	1.55
84841	855	With 8-foot wood handle	15	1.75

CEMENT OR DIRT RAMMERS

84842	33	Round cast iron head, 6 inches in diameter, 4½-foot hardwood handle	14	2.00
84843	34	Square cast iron head, 6 inches in diameter, 4½-foot hardwood handle	14	2.40
